## Vrikshaaropan

"Vrikshaaropan - Cultivating Greener Tomorrow" transformed Little Woods, Nagpur, into a hub of environmental action. Through a vibrant tree plantation drive, participants embraced the importance of green spaces, reinforcing a commitment to sustainability and inspiring the community to join the conservation effort. The event highlighted the powerful impact of collective efforts on environmental stewardship.

## Sankranti Drama: Nylon Awareness

January 10, 2024, Engineering India organized 'Sankranti Drama: Awareness Towards Nylon,' an event designed to educate students about the adverse environmental effects of nylon. Performed at Hadas School and Madan Gopal School in Nagpur, the drama effectively conveyed its message through engaging performances, raising awareness about the need to adopt eco-friendly alternatives.

## Rangeettalim

"Rangeettalim" in Jaitala, Nagpur, was a heartfelt initiative aimed at inspiring underprivileged children. Coordinators organized various enriching activities, engaging the kids in games and teaching them valuable daily habits. This event reflected a deep commitment to social upliftment, offering the children both fun and learning experiences, created lasting memories for everyone involved.

## Kutumb Prabodhan

Kutumb Prabodhan focused on the crucial topic of family awareness, addressing family life, relationships, and responsibilities. Engineering India Raisoni coordinators organized a thought-provoking street play at Sangh Mukhyalay in Reshimbagh. The play highlighted the significance of strong family bonds.

## Patriotic Police Tribute

The coordinators of Engineering India Raisoni recently visited the Sonegaon Police Station in Nagpur, where they performed a heartfelt patriotic song in chorus. This moving gesture was not just an expression of national pride but a powerful symbol of unity, resonating deeply with everyone present. The students' enthusiasm and dedication to the cause of national pride were evident.

## Ramdeobaba University Nagpur

## Rangeettalim 1.0

Coordinators of Engineering India from Ramdeobaba organized an event titled "Rangeettalim," where they visited an allocated area to engage with local students. The team spent quality time with the children, participating in various activities such as games, study sessions, and fun-filled exercises. The event was designed to inspire and encourage the students, providing them with an enriching experience that combined learning with enjoyment. The coordinators aimed to foster a sense of community and support, leaving a positive impact on the children's lives.

## New Year Donation

On January 3, 2024, Engineering India YCCE hosted a New Year donation drive to uplift the community and spread festive cheer. The initiative aimed to assist those in need by providing essential items such as food, clothing, and toys. Volunteers from various departments collaborated to collect and distribute these supplies.

## Shivaji Jayanti

On March 2, 2024, Engineering India celebrated Shiv Jayanti with great enthusiasm. The event featured Shavigoshna, a traditional poetic tribute that honored Chhatrapati Shivaji Maharaj's valor and leadership, which deeply moved the audience. The program also included the vibrant Godhal dance, reflecting the rich cultural heritage associated with Shivaji's legacy and engaging both students and faculty.

## Sahyog

Engineering India YCCE hosted the Sahyog event on February 20th and 21st, 2024, at the Adivasi Girls Hostel in Wanadongri. This event was dedicated to offering detailed guidance on exam preparation, career options after 12th grade, and entrance exams such as CET, JEE, and NEET. The sessions aimed to provide with the skills and knowledge necessary to excel in their studies and future careers. By delivering practical advice and effective strategies.

## Rangitalim 4.0

March 8, 2024, Engineering India organized the Rangitalim event, where YCCE club members engaged with local children, offering career insights and essential knowledge. The event concluded with the national anthem, highlighting the club's commitment to societal betterment. On August 10, 2024, the Engineering India Club hosted Rangitalim 4.0 in Omkar Nagar.

## Wakyyag

On April 27, 2024, the Engineering India Club YCCE organized the Intercollegiate Speech Competition Wakyyag, featuring enthusiastic participants from various colleges. The event was a success, highlighted by vibrant speeches and thoughtful insights. The top three winners, along with two special category winners, received certificates and cash prizes.

## AVYANNA

Self-defense begins with the belief that you are worth defending. Embracing this idea, ENGINEERING INDIA organized AVYANNA – a self-defense workshop centered on the use of the “YESHTI” tool. Held over three consecutive days of May 8th, 9th, &10th 2023 from 5 to 6 pm, the workshop attracted 60 eager participants. The event was smooth and successful, aiming to raise awareness among youth about self-defense and protection techniques.

## Uttishtha Bharat

Engineering India YCCE organized the "Uttishtha Bharat" event at YCCE's CCC auditorium to commemorate 75 years of India's independence. The event, filled with enthusiasm and patriotic spirit, featured Flt. Lt. Shivalee Deshpande, Founder of Prahar Defence Academy, as the chief guest. Flt. Lt. Deshpande delivered an inspiring speech on the "Vision of Youth for the Next 25 Years," encouraging students to work towards the nation's growth and be agents of change. The event also included a soulful performance by the Music Club.

## S.B. Jain College of Engineering

### Gateway to Success

The SB Jain team from Engineering India had the privilege of attending and thoroughly enjoying the orientation program held on July 28th at Anantrao Bhide Parisar. The event was exceptional and served as a perfect start to our engineering journey at the college. We gained valuable insights into the innovative ways in which Engineering India organizes events, met with coordinators from other colleges, and received practical tips that will guide us in the coming years.

## St. Vincent Pallotti College of Engineering and Technology

### Engineering Insights

On August 14, 2024, a session titled "Balancing EQ, IQ, and SQ in Engineering" featured Sir Rohan Parekh and Sir Prasad Tatode. Sir Rohan stressed the importance of emotional intelligence and social quotient, alongside intellectual quotient, for success and effective communication in demanding work environments. Sir Prasad shared practical tips for securing internships at ISRO, offering guidance for students interested in space research.

## KDK College Nagpur

### Rangeettalim

Engineering India KDKCE organized a noteworthy event called "Rangeettalim" in Omkar Nagar, Nagpur. The primary aim was to connect with children who had limited exposure to basic educational resources, sports, and technological knowledge. Throughout the event, our team engaged with each child to deliver fundamental insights into technology and the use of laptops. The day was filled with a variety of educational games and interactive activities designed to both entertain and inform. To wrap up the event, we distributed gifts and chocolates, ensuring that the children had a joyful.

## Priyadarshani College of Engineering

### Nagpur flood relief Camp

Nagpur faced a devastating flood that caused widespread disruption across the city, affecting numerous families and local communities. In response to this natural calamity, our Engineering India team from Priyadarshini College of Engineering swiftly mobilized to extend their support to the flood-affected areas.

Through these efforts, our Engineering India team showcased the importance of community service, solidarity, and quick action during times of crisis. Their dedication to serving the people of Nagpur during this difficult time stands as a testament to the values of our institution and the power of unity in the face of adversity.

### Blood Checkup camp

On 2nd March 24, Engineering India PCE organised free blood check-up with the help of lokmanya diagnostics at PCE campus. Over 400 students and faculty members took advantage of this camp and key highlight is that it brings the awareness about blood counts and helps them for their treatment as well.
