From the Leadership

Er. Hemant ji Chafle

President, Vidarbha Vaibhav
MD, Trust System Pvt Ltd

Engineering India is an initiative of Vidarbha Vaibhav that organizes various activities. The events held by Engineering India help in boosting confidence, fostering mutual cooperation, and promoting teamwork towards a common goal.

As a result, students experience a positive environment of friendship and work towards meaningful objectives. Through various activities related to the nation, society, and technology, students develop leadership qualities, team-building skills, and a learning aptitude. This creates a sense of responsibility and belonging.

I encourage all engineering students to participate in Engineering India's activities and contribute to this noble cause. By joining these initiatives, you not only enhance your own skills but also contribute to the advancement of our community and country.

Let us come together to drive innovation and make a positive impact through our collective efforts. Your participation is key to realizing our shared vision for a better future.

-Hemant Chafle

Dr. Prasanna ji Mahankar

**Mahavidyalayin Vidhyarti Pramukh,
RSS, Nagpur Mahanagar**

Engineering India , developed by Vidarbha Vaibhav a registered NGO is dedicated to connecting engineering students with social work. Vidarbha Vaibhav serves as a bridge between various NGOs in the Vidarbha region and industry professionals, students, and faculty, fostering collaboration and support for meaningful causes.

Engineering India organises a variety of student-focused activities under the guiding principle of "Think Nationally, Act Locally." These activities encourage students to engage with pressing social issues affecting our country, helping them become more aware and involved. Through these efforts, students have the opportunity to develop leadership qualities, enhance team-building skills, and cultivate a strong learning aptitude.

The primary goal of Engineering India is to mobilise youth through impactful activities that foster social awareness and a sense of civic responsibility. The organisation aims to inspire students with the belief that they have a crucial role to play in the nation's development, motivating them to contribute positively to society."

Vision and Mission

Driven to unite top tech students for social change through knowledge, to share ideas, and foster social responsibility with collaboration.

Empowering all individuals to raise awareness and support community projects; especially those who are under confident. Aiming to grow and shape a brighter future.

“ Manpower Without Unity Is Not A Strength”

~Sardar Vallabhbhai Patel

॥ सेतुबंधनम् उत्कर्षकरणम्,
सेतुबंधनम् विहीत तमाम् ॥

Vidarbha Vaibhav is a transformative initiative focused on advancing holistic rural development in the Vidarbha region. It brings together NGOs, academic institutions, students, and corporate organizations to collaboratively address challenges in education, healthcare, agriculture, and infrastructure. By fostering shared responsibility, knowledge exchange, and innovation, the initiative develops sustainable and scalable solutions while empowering local communities to actively participate in and lead their own development.

ENGINEERING INDIA

अभियन्तृणां हस्तेषु, राष्ट्रस्य भविष्यम्

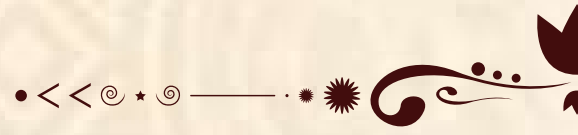

“Think **Nationally**, Act **Locally**”

Engineering India is a student-driven club that is actively functioning across the top 8 engineering colleges of Nagpur. It was established in 2010 with the vision of collective participation and meaningful contribution from students of different colleges.

The club focuses on nation-building and solving societal problems by organizing a wide range of social as well as technical events.

Currently, Engineering India has a strong network of 350+ coordinators, making it one of the most impactful student initiatives in the region.

Cummins College of Engineering for Women

नागपुर पुस्तक परिक्रमा

The event Read, Reflect & Recommend was held on 16 October 2025 at the College Lawn, Cummins College of Engineering for Women, Nagpur. Organized by Engineering India, the activity honored Dr. A.P.J. Abdul Kalam and promoted awareness about the Nagpur Book Festival 2025 through a Book Van and a reflection-and-recommendation activity for students.

रचना से राष्ट्र

The event "Rachna Se Rashtra" was conducted on 23 September 2025 at Nehru Vidyalaya and Zila Parishad School, Wanadongri, Nagpur. Organized by Engineering India, the visit focused on career guidance after Grade 10 through interactive sessions, discussions, and activities.

दिग्विजय दिवस

The event Digvijay Diwas was conducted on 11 September 2025 at Gargi Seminar Hall, Cummins College of Engineering for Women, Nagpur. Organized by Engineering India, the program commemorated Swami Vivekananda's Chicago Speech (1893) through a speech rendition, video presentation, and book reviews on his teachings.

The event Rangeettalim was conducted on 12 January 2025 at Jaytala Road, Nagpur. The team celebrated Makar Sankranti with needy people by flying kites and distributing tilgul, spreading joy and warmth.

A large group of people, including adults and children, posing for a group photo outdoors. Many are making peace signs. A rainbow flag is visible in the background.

आद्या

Engineering India organized the event Adya on 8 March 2025 at Sitabuldi, Nagpur, to celebrate Women's Day. The program focused on respecting women and highlighting their vital role in family, work, and society.

रोडोत तऱ्ठ ढरफनढड्ड

The Visit to Orphanage was conducted on 13 December 2025 at Shri Shradhanand Anathalaya. Students interacted with children through games and conversations, aiming to spread happiness, emotional support, and social awareness.

रचना से राष्ट्र

The event Rachna Se Rashtra Tak was held on 19 September 2025 at Balaji High School, Nagpur. Students provided career guidance to school children, helping them understand educational opportunities and future career paths.

G H Raisoni College of Engineering, Hingna

रचना से राष्ट्र

Rachna Se Rashtra conducted on 27 September 2025 at Lakshmibai Wankhede High School, Nagpur, organized by Engineering India GHRCEM, guided Class 9th and 10th students about streams after tenth, entrance exams and career opportunities with doubts sessions.

रंगीत तालीम

The event Rangeet Talim 'रंगीत तालीम' conducted at Mokhare locality, Nagpur, organized by Engineering India GHRCE, educated around 20 underprivileged children through teaching, storytelling, games, creative activities, creating joyful interactive learning and educational empowerment.

St. Vincent Pallotti College Engineering & Technology

donation drive

On 18th January 2025, a donation drive was conducted by coordinators of Engineering India Yashwantrao Chavan College of Engineering and St. Vincent Pallotti College of Engineering & Technology at Shraddhanand Anathalaya with the goal of spreading joy, providing support, and offering guidance to the children residing there. The event included interactive games, entertainment, and career guidance, all aimed at engaging the children and empowering them for their future.

light of learning

The Rangitalim event was conducted on 27th July 2025, during which we visited a slum area in Omkar Nagar, Nagpur. We distributed books and stationery to the children, engaged them in fun and interactive games, and spent time talking with them. The event turned out to be a meaningful and enriching social experience for everyone involved.

induction program

The Engineering India (EI) Induction Programme was held at St. Vincent Pallotti College of Engineering and Technology, Nagpur. EI coordinators introduced juniors to the vision and activities of EI, highlighting its social and technical initiatives. The session generated strong interest among students to join EI and was made more impactful by the presence of EI Facility Coordinator Ms. Mrunali Buradkar.

Date: 21 Aug 2025

Location: SVP CET, Nagpur

On Friendship Day, 3 August 2025, Engineering India spent joyful moments with underprivileged children, sharing games, creativity, laughter, and conversations, celebrating friendship through empathy, inclusion, and the joy of giving.

On 15 August 2025, Independence Day was celebrated with orphanage children through plantation, crafts, games, and performances, highlighting freedom as compassion, responsibility, and shared happiness beyond symbols.

Rachna Se Rashtira was organized on 24th September 2025 at KDK College, Nagpur by Engineering India in association with Cummins College. The event guided school students on academic streams, career pathways, entrance exams, and gender equality through an interactive session. Volunteers helped develop students' skills and awareness.

On 15 September 2025, Engineer's Day was marked by Engineering India with a friendly career guidance session for school students, helping them explore academic streams and career paths through interactive discussions and shared experiences that built clarity and confidence.

KDK College Nagpur

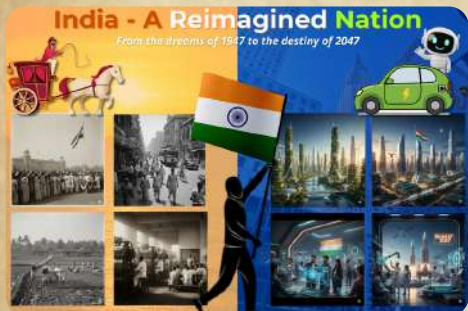

Yeshwantrao Chavan College of Engineering

रचना से राष्ट्र

A career guidance seminar on 17 September 2025 at Mahatma Gandhi School, Wanadongri, Nagpur, organized by Engineering India Club YCCE, guided Class 9 students on streams, careers, and positive use of social media.

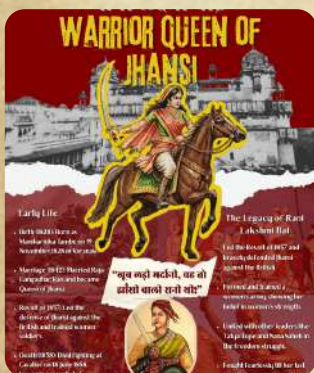

चित्रांकन

Engineering India Club YCCE announced "चित्रांकन - Online Poster Making Competition" on 3 October 2025, received about 135 creative online submissions, results declared 12 October, winners and consolation prizes appreciated for originality.

रंगीत तालीम 5.0

Rangeet Talim 5.0 on 20 September 2025 at Trimurtee Nagar, Nagpur, organized by Engineering India Club, engaged slum children through games, origami learning, music-dance jamming, starting with the National Anthem.

पुणेलाह इन्टर Technocrat

Ultimate Socio-Technocrat held on tenth February two-thousand-twenty-five at YCCE campus engaged individuals teams addressing carbon footprints slum dropouts women entrepreneurship multi rounds feasibility impact presentations judges prize pool rupees six-thousand certificates success awarded three winners.

प्रारंभ 1.0

Engineering India YCCE organized PRARAMBH 1.0 on 1 November 2025 at CCC Auditorium, Nagpur, featuring Hackathon, Ideathon, Treasure Hunt, and Seminar, engaging 800+ students with ₹25,000 prize pool.

Priyadarshani College of Engineering

सहायता 2.0

Engineering India PCE's Sahayata 2.0 spread smiles by sharing essentials with Seva Vasti children, nurturing empathy and social responsibility. The guidance of Akash Ji Sevatkar, Dr. Prafulla Tople, and Abhishek Ji Mishra, along with faculty and team support, reinforced our commitment to serving society with compassion.

३वे वेडइंग्ज वॉर्कशॉप

The event 3D Design and Modeling Workshop was conducted at Prof. Rajendra Singh Science Exploratory, Nagpur. Organized by Engineering India PCE, 45+ students learned fundamentals of 3D modeling, explored design software tools, and practiced hands-on industrial design techniques.

रचना से राष्ट्र

The event Rachna Se Rashtra was conducted on 14 November 2025 at Saint Joseph School and Yashoda School, Nagpur. Organized by Engineering India PCE, the session guided 200+ Grade 10 students on career planning, streams after 12th, and nation-building values through interactive talks and activities.

प्रगल्भ दृष्टि

Engineering India PCE celebrated National Youth Day, inspiring 100+ students with Swami Vivekananda's ideals of leadership and nation-building. Talks by Shri Brajesh Ji Manas and Shri Aakash Ji Sevatkar left young minds motivated and purpose-driven.

सक्षम बाल दिवस

The event Saksham Bal Diwas was conducted on 14 November 2025 at the Blind Relief Association, Nagpur. Organized by Engineering India PCE, members spent time with visually impaired children through interaction and activities, making Children's Day meaningful and joyful.

दिल से दिवाली

The event Dil Se Diwali was conducted on 17 October 2025 at Seva Basti, Khapri, Nagpur. Organized by Engineering India PCE, the team celebrated Diwali with underprivileged children through diya, sweets, games, and companionship, spreading festive joy and social responsibility.

Voices of Experience

My experience with Engineering India I believe a club is meant to help you make friends not only from your own class or college, but also beyond that. This is exactly what Engineering India does by organizing various events such as Abhyudaya! If you actively participate, volunteer, and take responsibility, it can truly shape your personality and career direction, just as it helped me during my college placement drive interview and through interacting with new people. However, if the focus is only on attendance or certificates, the real essence of being part of the club is missed.

~ Vansh Kolhe
Graduate Engineer Trainee Bajel Projects Ltd
YCCE alumnus, Class of 2025

I feel blessed to be a part of Engineering India. It is an organization whose primary motive is to nurture and empower engineering students. Every activity and event is purpose-driven, helping students upskill both technically and personally. Engineering India has the power to create a meaningful impact on students by fostering an environment that instills values, belief, and inspiration through its initiatives.

~ Arya Narlawar
Software Developer-1 at Zinnia Digital Services
RBU alumnus, Class of 2025

My association with Engineering India was one of the most meaningful experiences of my college life. The club went beyond activities and initiatives to instill in us the values of discipline, honesty, and a strong sense of national pride. Working alongside a driven and like-minded team made the journey both fulfilling and inspiring. The principles I imbibed through this experience have continued to shape my approach to challenges in both my personal and professional life.

~ Siddhant Tonpe
MBA Student at TA PAI MANAGEMENT INSTITUTE
YCCE alumnus, Class of 2024

Winners of Abhyudaya' 24

UST Winners

RS4

The event was a valuable learning experience for our team. The coordinators were highly cooperative and guided us in a very supportive manner throughout the event. The judges evaluated all teams in a fair and unbiased way. Their feedback was constructive and helpful. Overall, the event was well-organized and motivating.

– Shivani Badule

Treasure hunt :Winner Treasure Seeker

Last year, I had the opportunity to participate in the Treasure Hunt Competition organized by Engineering India, where my team secured first place. The event was excellently organized, with supportive mentors and enthusiastic volunteers. Collaborating with students from different colleges made the experience engaging, enriching, and truly memorable.

– Meemansa Gautam

वाक यज्ञ: Runner up Aditya Thackeray

I found the Abhyudaya speech competition to be a rewarding experience. Having won last year, it helped me refine my speech delivery, build confidence, and I sincerely appreciate Engineering India for this valuable student initiative.

Natrang competition: 2nd Runner up Sagar Khandekar & Team

Abhyudaya was nothing short of magical. Watching young, passionate artists pour their stories, ideas, and quiet revolutions onto the stage through intense performances and beautiful dramas made the event unforgettable.

(Natrang celebrated rhythm, expression, and passion through captivating performances. Mrunmayi Gazhalwar and team emerged as winners, with Vikrant Gurnade as runner-up.)

Abhyudaya 24.0 witnessed a lot of brilliant people showcasing their talents. These students were innovators and problem solvers who didn't back down from a challenge. The list below shows the students who achieved excellence and have left their name in the legacy of Abhyudaya.

Youth Parliament

The Youth Parliament at Abhyudaya 24.0 stood as a platform for young leaders to voice ideas, debate policies, and demonstrate democratic values. The winner of Youth Parliament was Mayankraj Sharma with runner up Aarav Sharma.

Mayankraj Sharma

Winner

Hackathon

The Hackathon at Abhyudaya 24.0 brought together sharp minds and fearless innovators who turned ideas into impactful solutions under pressure. The winning team was Siddhant Wadhai and his team. The runner up team was Arya Chinnawar and his team.

Akriti

Creativity found its canvas in Aakruti , where participants expressed ideas, emotions, and stories through art. The winner was Om Jubale and runner up was Arya Sangewar.

Arya Sangewar

Runner up

Vaishnavi Thakre & group

Silver Screen

Silver Screen highlighted storytelling in the digital age. Through creativity, innovation, and impactful visuals, participants conveyed powerful messages within moments, redefining content creation at Abhyudaya 24.0. The winner was Abhay Kayakar with runner up Vaishnavi Thakre and group.

ORIENTATION PROGRAMME

The Central Orientation, held on 24th August 2025, marked the beginning of an exciting journey for the newly joined coordinators of Engineering India. The program welcomed fresh members with great enthusiasm and created an open space for interaction, helping everyone feel connected, comfortable, and motivated from day one.

Sunil ji Sathe

**Pragya Pravah,
Coordinator of Maharashtra State**

Coordinators were introduced to essential skills such as leadership, teamwork, communication, and ethical decision-making—qualities that play a vital role in shaping well-rounded engineers. The orientation highlighted the importance of being socially responsible and contributing meaningfully to the community while growing professionally.

The orientation was thoughtfully designed to go beyond a formal introduction. It focused on giving coordinators a clear understanding of their roles and responsibilities while aligning them with the organization's mission and long-term vision. Along with gaining insight into how the organization functions, participants were encouraged to ask questions, share ideas, and learn through collaboration.

Pratap Shukla

CEO & Founder.

Take It Ideas Innovative Solutions Pvt. Ltd.
Design Thinking and Innovation Practitioner

More than just a starting point, the Central Orientation set the tone for learning, collaboration, and commitment. It served as a reminder that this journey is not only about individual growth but also about working together to create impact, innovate responsibly, and move forward with a shared sense of purpose.

Diwali Milan

Engineering India celebrated Diwali Milan with warmth, laughter, and a true festive spirit, bringing members together to enjoy the joy of togetherness that Diwali represents. The celebration was not just about festivities, but about creating moments of connection, happiness, and shared memories.

The event was filled with fun games and engaging activities, where everyone participated with great enthusiasm, making the atmosphere lively and cheerful. The celebration was further brightened as the surroundings lit up with firecrackers, adding excitement and sparkle to the evening.

One of the most memorable parts of the celebration was the shared dinner, where conversations, smiles, and laughter flowed freely reflecting the strong sense of unity and belonging that Engineering India stands for—celebrating festivals as one big family.

The event left everyone with happy memories and a renewed sense of togetherness.

Biodiversity park

Engineering India organized Prakriti Yatra, a peaceful and refreshing biodiversity walk at Ambazari Biodiversity Park on 2nd November 2025. The event was held early in the morning and brought together around 30 coordinators for a meaningful start to the day, focused on health, togetherness, and connecting with nature.

The day began with a group walk and light jog through the beautiful natural surroundings of the park. The calm greenery, fresh air, and shared energy created a positive mood among everyone. Walking together helped participants relax, feel refreshed, and enjoy the simple joy of being close to nature while moving as one team.

After the walk, coordinators participated in interactive sessions, sharing thoughts, laughter, and experiences. Fun group activities and jamming sessions added creativity and strengthened bonding in a relaxed and joyful atmosphere.

Prakriti Yatra highlighted the importance of staying active, reconnecting with nature, and building team spirit. The event concluded on a positive note, leaving participants refreshed, motivated, and united.

Rashtrabhiman

Rashtrabhiman, organized on 26th January 2025, united the Coordinators of Engineering India to commemorate Republic Day. The presence of coordinators' parents added warmth and significance to the celebration.

Hosted at Traffic Park, Nagpur, the event came alive with patriotic songs, nukkad natak, Kutumb Prabodhan drama, and cultural performances, reflecting the spirit of unity, pride, and constitutional values. Thoughtfully organized and inspiring, Rashtrabhiman stood as a powerful celebration of patriotism, culture, and collective responsibility toward the nation. Thoughtfully organized and inspiring, Rashtrabhiman stood as a powerful celebration of patriotism, culture, and collective responsibility toward the nation.

Seva sankalp 2.0

(OLD AGE HOME VISIT)

SEVA SANKALP 2.0 was conducted on 14 October 2025 in Nagpur as part of Engineering India's commitment to social responsibility and intergenerational bonding. Organized in collaboration with Cummins College of Engineering for Women, Nagpur and Ramdeobaba University, the event was held in two slots—Nalanda Vastistar Vruddhashram in the morning and Sai Sawali Vruddhashram in the afternoon.

Volunteers spent meaningful time with the elderly through conversations, music, songs, fun games, and shared activities, listening to their life stories and experiences. The visit concluded with a cake-cutting ceremony and blessings from the elders. Simple acts of care and presence brought visible joy, with many residents expressing their happiness and requesting more frequent visits.

The event aimed to spread smiles, warmth, and companionship, making the experience emotionally enriching for both the elders and the volunteers.

Coordinators from G.H. Raisoni College of Engineering and Management, Priyadarshini College of Engineering, G.H. Raisoni College of Engineering, Ramdeobaba University, Cummins College of Engineering for Women, KDK College of Engineering, Pallotti College of Engineering, and YCCE actively participated in the event.

“थोड़ा समय, थोड़ी सवेदना—किसी के जीवन में बड़ी खुशी बन जाती है।”

A large group of people, mostly young adults, are silhouetted against a bright sunset sky. They are standing on a grassy field, with some individuals sitting or kneeling in the front rows. The sky is a mix of orange, yellow, and blue, indicating the sun is low on the horizon. The overall mood is peaceful and communal. In the bottom left corner, the text "Journey of" is written in a large, elegant, serif font, with the word "Journey" being significantly larger than "of". The text is white, contrasting with the dark foreground.

Learning

Coordinator Development Plan

The Coordinator Development Plan (CDP) is Engineering India's flagship initiative designed to nurture and develop the next generation of engineering leaders. This program ensures that participants are well-equipped to lead their respective communities and contribute meaningfully to the engineering ecosystem through :

- Career Related Workshop
- Skill Development
- Critical Thinking Workshop
- Spiritual Workshop
- Seva Karya Darshan (community service)
- Industrial Visit
- Vividh Darshan (Cultural experience)
- One day skill development camp

A silhouette illustration along the bottom edge of the slide. It features a variety of icons representing different aspects of society and industry: a person standing, a train, a gear with a figure inside, a horse-drawn carriage, a lion with 'MADE IN INDIA' written below it, a person holding a red flag, a person on a horse, a temple gopuram, a group of people walking, and a person working at a desk or machine. The background of the entire slide has a faint, repeating pattern of the word 'Engineering' in a light blue color.

- **Career Related Workshop**
- **Skill Development**
- **Critical Thinking Workshop**
- **Spiritual Workshop**
- **Seva Karya Darshan (community service)**
- **Industrial Visit**
- **Vividh Darshan (Cultural experience)**
- **One day skill development camp**

- [illegible]

VISIT TO IIM NAGPUR

Under the Coordinator Development Plan (CDP), Engineering India coordinators from G H RAISONI College of Engineering visited IIM Nagpur, gaining exposure to its academic environment and teaching methodologies through an insightful faculty session.

VISIT TO BHARTIYA VIDYA KRISHNA VIHAR

Coordinators of Engineering India from CUMMINS College Of Engineering visited Bharti Vidya Krishna Vihar School under CDP. The visit highlighted Indian Knowledge Systems (IKS), including Vedic Mathematics and value-based education, through interactions with the Principal Mrs. Chhaya Chaturvedi and faculty.

INTERACTION WITH FORMER JUDGE MEERA TAI KADAKKAR JI

Coordinators of KDK college had the honor of interacting with Hon'ble Former Judge Justice Meera Tai Kadakkar Ji. Her inspiring words, humility, and personal interaction made the visit a memorable and motivating learning experience.

VISIT TO TRUST FINTECH LTD.

As part of CDP, coordinators of St. Vincent Pallotti College visited Trust Fintech Ltd., gaining insights into AI, Machine Learning, Data Analytics, Cybersecurity, APIs, and Databases, along with guidance on industry expectations and essential skills.

VISIT TO MAHA METRO BHAWAN HEADQUARTERS

Engineering India PCE coordinators visited the Maha Metro Bhawan Headquarters, gaining practical exposure to metro rail operations, infrastructure development, and engineering career opportunities.

Seva Prakalp

As part of **Seva Prakalp**, Engineering India coordinators spent two enriching days at Sampurna Bamboo Kendra, Chikhaldara, surrounded by the natural beauty of the Melghat region. The visit highlighted **bamboo-based development**, sustainable livelihood models, and eco-friendly entrepreneurship, showcasing bamboo as a valuable resource for employment and community growth.

During the visit, Coordinators learned about **bamboo cultivation**, processing, and product development, gaining practical exposure to sustainable career opportunities. The experience strengthened teamwork, leadership, and problem-solving skills, while reinforcing the importance of social responsibility, community development, and nature-aligned career choices.

विदर्भ वैभव संघ और इंजीनियरिंग क्लब ने किया देशभक्ति कार्यक्रम

नागपुर में

जनवरी को विदर्भ वैभव संघ और
इंजीनियरिंग इंडिया क्लब, नागपुर द्वारा
किक पार्क, धरमोड में एक शानदार
देशभक्ति कार्यक्रम आयोजित किया गया।
कार्यक्रम में 7 प्रमुख इंजीनियरिंग
होमिनों के 150 छात्रों ने भाग लिया।
इंजीनियरिंग कार्यक्रम में देशभक्ति गीतों पर नृत्य और
टेकों का प्रदर्शन किया गया, जो युवाओं
देशभक्ति की भावना को प्रोत्साहित
करने के उद्देश्य से आयोजित था।

मुख्य अतिथि के रूप में सेवानिवृत्त
जर जनरल अनिल पी. बाम, चंद
इलकंदर, अरविंद कुकड़े और हेमंत चापले
युव पर उपस्थित थे।
इन अतिथियों को इंजीनियरिंग इंडिया क्लब
और से स्मृती चिन्ह और वृक्ष देकर सम्मानित
किया गया।

अलावा, कमिस कलेज ऑफ इंजीनियरिंग महिला
के छात्रों ने काव्य सत्र का आयोजन किया, जिसमें
रानी लक्ष्मी बाई और छत्रपति शिवाजी महाराज के
जीवन पर आधारित कथार्थ सुनाई गई। प्रियदर्शिनी
